

THE 1819 BOOK

Honoring the service of Colgate University volunteers

2024

COLGATE UNIVERSITY

The 1819 Book is an annual publication that recognizes the significant effort of those alumni, families, and friends who support the University, its faculty, and its students through their service to Colgate.

These volunteers serve on governance and advisory boards, alumni and student engagement councils, and fundraising committees — and their efforts make it possible for Colgate to reach new levels of excellence.

It is with gratitude and respect that we honor the work and support of all those listed here. Without their contributions, Colgate would not be the distinctive university that it is today.

Alumni of Color Volunteers

The Colgate Alumni of Color organization was established in 1986 as a way for alumni of color to network and stay connected to one another. Alumni of color have expanded their involvement with Colgate by volunteering their time and talent, as well as investing their financial resources into programs and funds that support Colgate's liberal arts mission. Alumni of color participate in multiple avenues of involvement and engagement with the University and dedicate themselves to helping the next generation of Colgate students of color in any way possible.

Planned Giving Committee

The Planned Giving Committee is a long-standing advisory committee. The committee meets two times per year and provides Colgate and the Planned Giving Office with technical and marketing assistance in the planned gift area. Assistance is provided by alumni members with backgrounds in marketing, finance, banking, insurance, and law. Planned Giving Committee members also serve as advocates, usually through personal letters and printed materials providing beneficial alumni-peer contact on an as-needed basis.
